

Mudassir Ali

Full Stack Developer | MERN Stack

Karachi, Pakistan | 03308452625 | mudassir4227@gmail.com | <https://mudassirali.vercel.app>
<https://www.linkedin.com/in/mudassir-a-ba721830b> | <https://github.com/mudassirali22>

PROFESSIONAL SUMMARY

Results-driven Junior Full Stack Developer experienced in building MERN stack applications - including AI-powered healthcare systems, real-time collaboration platforms, and financial dashboards. Proficient in React.js, Node.js, Express.js, MongoDB and Socket.io. A collaborative team player with hands-on experience in agile development environments, passionate about delivering scalable, high-performance web solutions.

TECHNICAL SKILLS

Frontend: React.js, Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Framer Motion

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Socket.io

Database & Cloud: MongoDB, Mongoose, Cloudinary

Tools: Git, GitHub, Postman, VS Code, Vercel, Netlify, GitHub Actions, CI/CD, Google Gemini AI API

EXPERIENCE

- **Full Stack Developer Intern - SMIT (Saylani Mass IT Training)** *Feb 2026 - Present | Karachi, Pakistan*
 - Built and deployed MERN stack applications for workflow automation, real-time collaboration and educational management systems.
 - Developed RESTful backend APIs with Node.js and Express.js, integrated Socket.io for live features and used Redis for scalable queue processing.
 - Engineered responsive React.js frontends with Redux Toolkit and Tailwind CSS, improving UI consistency across all platforms.

PROJECTS

- **Health Buddy AI - AI-Powered Family Health Platform** *React.js | TailwindCSS | Node.js | MongoDB | Google Gemini AI*
 - Developed a MERN-based healthcare system integrating Google Gemini AI for medical report and vitals analysis, vital signs monitoring, and custom health scoring algorithms.
 - Implemented JWT authentication, Cloudinary media storage and a fully responsive UI serving family profile management and analytics tracking features.Live Url | <https://healthbuddyapp.onrender.com> GitHub link | <https://github.com/mudassirali22/Health-Buddy-App>
- **Expense Mate - Full-Stack Financial Dashboard** *React.js | TailwindCSS | Node.js | MongoDB | REST APIs*
 - Built an AI-powered finance dashboard featuring spending insights, portfolio tracking, subscription monitoring and CSV/PDF data export functionality and many more features.
 - Designed MongoDB aggregation pipelines and a glassmorphism-styled responsive interface with secure JWT-based authentication.Live Url | <https://expensmate-77fd.onrender.com> GitHub link | <https://github.com/mudassirali22/ExpenseMate>
- **BMS Tracker - Boot camp Management System** *MERN Stack | Socket.io | Redis*
 - Engineered a centralized bootcamp management platform with role-based access control, attendance tracking, quiz management, and digital documentation workflows and many more features
 - Integrated real-time communication via Socket.io and scalable queue processing with Redis to support concurrent multi-user operations.Live Url | <https://bms-frontend-eight.vercel.app>
- **Meeting Mind - Real-Time Collaboration Platform** *MERN Stack | Socket.io | Redis | BullMQ*
 - Built a collaborative meeting platform with live note synchronization, AI-generated transcripts, automated task extraction, and productivity analytics.
 - Implemented Socket.io for real-time updates and BullMQ/Redis for scalable background job processing and dispute resolution workflows.Live Url | <https://meeting-mind-olive.vercel.app>

EDUCATION

BS in Computer Science - Virtual University of Pakistan

In Progress

Web & Mobile Application Development - Saylani Mass IT Center (SMIT)

Graduated Aug 2025

Python Development - NED University Academy

Graduated Nov 2025

CERTIFICATIONS

Web & Mobile App Development - SMIT (Saylani Mass IT Training)
